### Never Underestimate The Power of Packaging

Embellishment can form part of the product's imagery, reinforce a brand name, give on the shelf stand out and ultimately add value and profitability.

We produce cord & elastic in a variety of widths and an array of colours. We can help you develop a trim to add the final touch to your product.

#### What is the minimum order quantity?

We produce & keep stock of elastic loops and tassels, please see our ribbons & accessories page. We can also produce cord & make bespoke elastic loops and tassels to order. The MOQ can vary depending on the size and style required. We would advise the MOQ upon receipt of your enquiry.

#### What are the lead times?

We would produce a sample for approval before proceeding with bulk production. The lead time for a sample is approx. 2-3 weeks. The lead time for bulk production is approx. 4-6 weeks via air freight & approx. 12-14 weeks via sea freight. Please note these are approx. lead times based on the MOQ & our capacity can vary throughout the year. For higher quantities & during peak production the lead times will be longer. Please contact us and we can provide a current lead time on an enquiry by enquiry basis.

#### Prices

Each enquiry will be quoted individually. Please contact us with your requirement and we will provide a quote.
